Joint Committee to Compose Difference in Big Tax Measure

Senate Passes Revenue Measure by 67 to 5 Vote Late Friday

Washington, Sept. 6—(AP)—Jubilant over the senate's 67-to-5 approval of the record \$3,583,900,000 tax bill late yesterday, administration lieutenants strove today to hurry along the adjustments of differences between that measure and similar legislation passed by the house.

The bill, which would bring an estimated 4,911,000 additional persons under the income tax structure and thus raise an extra \$303,000,000 of revenue, was rushed through the senate in only three days.

Both proponents and opponents said the measure was only a step toward paying the nation's huge defense bills. The house ways and means committee has estimated that all federal expenditures would exceed \$22,000,000,000 during the next fiscal year, which begins July 1.

Existing taxes, plus the senate-approved levies, are estimated by treasury experts to yield about \$13,500,000,000 during the next calendar year. Chairman George (D-Ga.) of the senate finance committee predicted the total federal income would approach \$15,000,000,000, however.

Goets to Conference
The senate and house bills now will go before a joint conference committee for the adjustment of differences.

Because of a recess agreement, the house could not act on a compromise measure before September 15, and leaders said they hoped to have all differences ironed out by that date.

The senate's action in lowering income tax exemptions from \$2,000 to \$1,500 for married persons and from \$800 to \$750 for single persons topped the list of controversial issues between the two chambers.

Other senate changes included higher surtaxes for corporations, elimination of a special 10 per cent tax on corporations not earning sufficient income to pay excess profits levies, elimination of house taxes on radio time sales, billboards and soft drinks and an increase from 5 to 10 per cent in the house tax on local telephone bills.

Raises All Along Line
Besides lowering present exemptions, the senate bill would raise individual and corporation income tax rates all along the line. Individual income levies (including surtaxes) would start at 10 per cent instead of the present 4 per cent.

Under the measure, a single man with no dependents and a \$2,000 income would pay \$117 in taxes compared with \$110 under the house bill and \$44 under present law. A married man with the same income would pay \$42 under the senate bill and nothing under the house bill or present law.

Four Joliet Rapists Arrested; Confess

Joliet, Ill., Sept. 6—(AP)—Police Chief Nicholas J. Fornago said today that four youths, who last night had admitted they had raped a 22-year-old girl after slugging her escort, would be held for the September grand jury.

Fornago said the four had confessed that they halted the automobile of Joseph Cernigoi, 25, early Tuesday, knocked him unconscious, bound him with the girl's clothing, and carried the girl to a nearby field. The girl reported that all four had raped her.

The police chief said the youths gave their names as James Bondaruk, 17, Curtis Binzen, 16, Clarence Spizak, 18, and James Alessio, 17, all of Joliet.

Pennsylvania Rail Authority in Charge

Washington, Sept. 6—(AP)—Ralph Park Russell, Hanover, Pa., railroad traffic authority, started today to enlist the nation's rail resources to relieve the eastern seaboard's oil and petroleum shortage.

Russell, car service superintendent of the Pennsylvania railroad, was named by Ralph K. Davies, Acting Coordinator of the Defense Petroleum Office, as chief of the agency's rail transportation section. Davies said Russell would devote his full time to railroad transportation problems applicable to the oil and petroleum shortage situation.

Sterling Youth Possibly Fatally Injured in Crash

John Powell, 22, of Sterling, was probably fatally injured, and his companion, Eugene Long, 21, also of Sterling, was severely cut and bruised in an automobile crash on the Lincoln Highway, U. S. route 330 just west of Gap Grove this morning about 1 o'clock. Both were taken to the Dixon public hospital and reports this morning indicated that Powell's condition was considered quite critical with slight chance for his recovery.

They were returning to Sterling from Dixon in a car driven by Long and in front of the Pine Arbor farm, Long cost control of the car and it failed to negotiate the curve, left the paving and rolled over. His companion was believed to have attempted to jump from the car when he realized the danger of a crash, but was pinned under the wrecked machine. Powell, who is an army flying cadet in training at Belleville, Ill., arrived home yesterday on an 18 day furlough and with his companion spent last evening in Dixon.

Long sustained cuts about the hands and numerous body bruises. He was also suffering from brain concussion, it was reported today. Sergeant Edward Mahan of the state police force removed both injured men to the hospital here.

Wesolik to Plead Guilty in Murder Charge, Asks Mercy

Woodstock, Ill., Sept. 6—(AP)—Attorney Hugh Deneen announced today that a plea of guilty, asking mercy of the court, would be entered for Richard Wesolik Monday when the 16-year-old parolee from the state training school for boys is arraigned on a charge of murdering Mrs. Margaret Jung.

State's Attorney William M. Carroll said witnesses would be called to tell details of the slaying if Wesolik pleads guilty. Deneen was appointed by the court to defend the Belleville youth who had been working on the Jung dairy farm near here as a parolee. Mrs. Jung was bludgeoned to death the morning of July 14 and Wesolik was arrested several days later. In a confession announced by McHenry county officials, the boy said he struck Mrs. Jung because she had reprimanded him for staying out late at night.

Complications

Chicago, Sept. 6—(AP)—A busy secretary informed a telephone caller her boss was out, and asked, "Who shall I say called him?"

"Mr. Onderdonk," replied the caller.

Twice she asked him to repeat it, finally explaining: "I'm sorry, but I can't get it. It sounds just like Onderdonk to me."

Unexpected "Plug" for Parsons Day
Held Over Station WGN Last Night
Dixon's Louella Parsons Homecoming Sunday and Monday, Sept. 14 and 15, got some unexpected and wide-spread publicity Friday evening, thanks to Miss Josephine Fish, Dixon nurse, who is in Chicago professionally.

Miss Fish was one of several persons in front of the Chicago theater who were interviewed on the "Chicago at Night" program, station WGN, and she wasted no time, after giving her name and address, in putting in an enthusiastic "plug" for the coming Dixon celebration, missing nothing in her recital of the notables who will be in Dixon, explaining that Miss Parsons and Ronald Reagan are formerly Dixonites, and announcing that the affair will be for the benefit of the Katherine Shaw Bethea hospital, mentioning also that an addition to the hospital has just been constructed.

The interrogator on the program evidences genuine interest in Miss Fish's recital of plans for the two big days.

Two More Stars of Films Join List of Parsons Day Guests

Ann Rutherford and Geo. Montgomery to Visit Dixon for Premier

Miss Ann Rutherford, movie starlet from the M. G. M. studios, and George Montgomery, one of the latest additions to the Twentieth Century Fox studios, will be aboard the City of Los Angeles streamliner upon its arrival in Dixon one week from tomorrow morning, accompanying Miss Louella Parsons, Ronald Reagan and his wife Jane Wyman for the Louella Parsons homecoming celebration. Miss Parsons will leave Dixon Tuesday morning, going to Chicago, and will return to Hollywood by plane, while the guest stars will leave on their return to Hollywood Tuesday evening on the streamliner City of Los Angeles.

The Columbia Broadcasting Company officials today announced a program of probably three broadcasts from Dixon over the two days. The unit will arrive here next Saturday and terminals will be established. The first broadcast will probably be from the Loveland Community House at 6:30 o'clock Sunday evening under the title, "Profiles", which will be heard over the entire chain of stations from coast to coast. One broadcast will be made from in front of the Dixon theater during the world premier showing of "International Patrol", starring Ronald Reagan, and the third will doubtless be taken during the banquet at the Brinton Memorial Masonic Temple at 6:30 o'clock Monday evening.

Several press representatives will arrive in Dixon Tuesday and establish headquarters, remaining here until the Homecoming celebration is concluded. Irving Yergin of the Warner Bros. studios in Hollywood and Harold Mayer, director public relations for the C. & N. W. and Union Pacific railways, will be among the earliest arrivals.

Gets Much Publicity
Dixon is receiving the greatest publicity in its history for this event, newspapers, magazines and radio carrying advance announcements of the activities and distinguished guests who will be here Sunday and Monday. Several of the Hollywood movie publications are using articles publicizing the program.

Don McMahon, chairman of the transportation committee, today completed one of the most difficult duties of this committee. He had succeeded in securing at least eight open cars for the transportation of the guest visitors from Lincoln Zephyr, Mercury and Ford dealers throughout the middle west, some of the cars

Predicts Drop in Sales Tax Income

Springfield, Ill., Sept. 6—(AP)—Sales tax collections last month—after the tax rate reduction from three to two per cent became effective—totaled \$7,701,092, slightly more than collection under the three per cent rate during August, 1940, when \$7,623,913 was collected, Finance Director George E. McKibbin reported.

Most of the collections during August of this year were based upon July receipts. The tax boy dropped to two per cent July first.

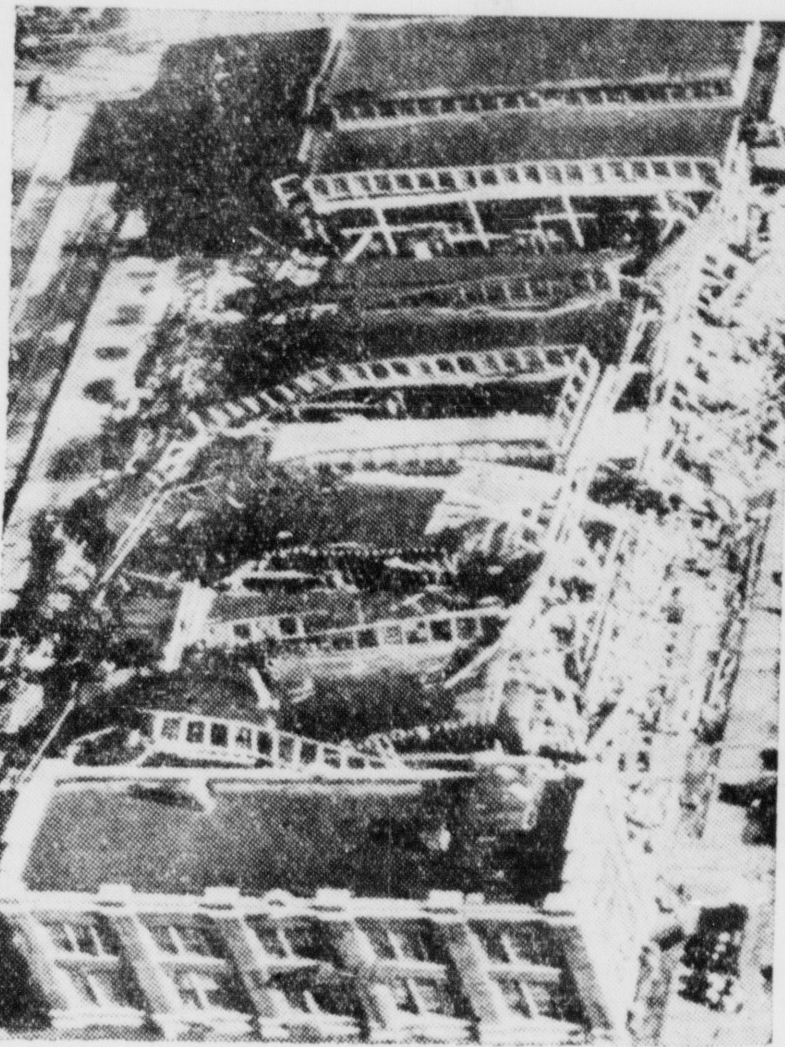

Nevertheless, McKibbin said a proportion of the August collections were paid at the three per cent rate, including charges on installment purchases made prior to July first. A substantial rise in retail business was also credited with boosting sales tax collections last month.

The finance director said the current retail sales boom is not sufficient to offset the tax rate decrease and predicted that sales tax collections in the future would be lower than last month's.

Attorney Smells Smoke
Attorney John Buckley is a strong believer in the old quip that "where there's smoke, there's fire". Last evening at 8:15 o'clock he detected a distinct whiff of smoke as he sat reading at his home, 912 Galena avenue and summoned the fire department. When the firemen arrived they searched in vain for the origin but found no trace of fire and decided that the odor of smoke came from temperature.

State U-Boat Shot 2 Torpedoes After It Was Fired Upon

Charge Attack Part of Roosevelt Plan to Get U. S. in War

Berlin, Sept. 6—(AP)—A German communique asserted late today that the United States destroyer Greer opened an attack on a German U-boat at the order of President Roosevelt "to incite the American people into war against Germany".

The communique acknowledged that the German submarine fired two torpedoes. It declared, however, that it first was attacked by the destroyer in waters the Germans have declared to be within their blockade zone.

The communique said the U-boat commander was justified in his action because it was in self-defense and said he "was not in position to determine the nationality of the attacking destroyer".

The communique described the incident as a running battle, starting at 12:30 p. m. Thursday when a U-boat "was attacked by water bombs at 62.31 degrees north and 26.06 west and pursued continuously".

(This is in the north Atlantic, about 200 miles southwest of Reykjavik, Iceland, which the United States navy said was the Greer's destination.)

The engagement, it was said, lasted "until toward midnight," the destroyer pursuing with water bombs unsuccessfully until then.

The communique charged:

Charges Against U. S.

1. That the United States navy's assertion that the U-boat was the aggressor "can only be to give at least the appearance of justification to an attack by an American destroyer on a German U-boat;

2. That it proved that President Roosevelt previously, contrary to his statements, had given "general orders to American destroyers not only to report positions of German ships and U-boats but, beyond that, to attack them;

3. That, finally, "Mr. Roosevelt in this way also is trying with all means at his disposal to provoke incidents in order to incite the American people into war against Germany".

Text of Communique

The communique, issued by DNE, said:
"American and English news services issued an item according to which, on the morning of Sept. 4, in the course of an encounter between the American destroyer Greer and a German U-boat, the destroyer was attacked by the U-boat.

"The torpedoes, it was said, missed their mark. The destroyer then pursued the U-boat, counter-attacking with depth charges. Of-

Annual Delinquent Tax List Prepared

County Treasurer Ward Miller stated today that the annual delinquent tax list is now in course of preparation in his office and will be published during the week of Sept. 18 in accordance with the state laws. The Dixon delinquent list will be published in The Telegraph Sept. 20 and to avoid publication, taxes must be paid at least five days in advance of the publication date.

Every delinquent taxpayer in Lee county has recently received a second statement announcing the three per cent penalty. The penalty now is increased to four per cent on personal taxes and the first installment of real estate taxes and one per cent on the second installment of the real estate taxes. Treasurer Miller will file application with Judge Grover Gehant in Lee County court Sept. 20 for judgments against all property upon which taxes remain unpaid on that date.

Court Writ Puts End to Adolphe's Turning Over in His Grave Daily

Brussels, Occupied Belgium, Sept. 6—(AP)—For 27 years Adolphe Bioux had the dubious pleasure of turning over in his grave every day, but that's ended now.

Bioux, a wealthy man, died in 1914 and was buried in a magnificent, mechanized tomb he had constructed in his village cemetery near here. In his will he stipulated his fortune be given to a peasant, providing the peasant went to the cemetery every morning and manipulated a mechanism designed to rotate Bioux's resting place.

A nephew of Bioux, outraged by his uncle's sepulchral antics, recently had the will declared void and ordered all the mechanism removed from the tomb.

Grave diggers were forced to open the tomb to complete the removal job. Inside they found a life-size oil painting of the dead man, and beside it the stuffed carcass of his favorite dog.

Bioux's will also provided a sum of money with which to pay the village band for playing pleasant tunes beside the tomb on each village feast day.

Great Battle at Leningrad Goes into Fourth Day

The War Today!

By DEWITT MACKENZIE
(Telegraph Special Service)

America's answer to the submarine attack on the U. S. S. Greer has very firmly put it up to Herr Hitler to decide what he wants to do about it.

To be sure, Washington hasn't yet officially identified the underwater craft which made the assault. However, in Reykjavik, Iceland, where the Greer is berthed, it is said that the submersible was German.

One uses the past tense, "was" German, because officers and men of the destroyer say they dropped a depth bomb while right over the submarine and believe they must have damaged the craft and may have destroyed it. Just in case the raider did get away, Washington has given instructions that it be sought out and eliminated. One assumes such an order presupposes that the identity of the boat is known or that any axis submarine entering this zone is looking for trouble in stormy seas.

All these facts have been laid before the fuhrer by the American press, and certainly give him enough facts to work on. What will his answer be?

We don't need to split hairs over the nationality of the submarine. Obviously it was an axis submersible, and the strong probabilities are that it was Nazi because of the location of the incident in the North Atlantic. Now the attack must have been the result of one of three things: (1) The U-boat was acting under orders from the high command; (2) it was a mistake; (3) it was an error in judgment by the submarine commander.

As indicated in this column yesterday, at least up to the time of this incident Hitler has given every indication that he wanted to avoid bringing the United States into the European war. This attitude was purely a matter of self-preservation. He probably hasn't been particularly concerned about having to face troops from this country, but the presence of a strong United States fleet in the conflict most certainly would have raised hob with his operations.

It still remains true that our navy might easily split defeat for campaigns which Hitler is credited with planning for the winter. These involve the Mediterranean zone and the Middle East, as well as the Atlantic. If he now has decided for some inexplicable reason to force us into the war, it looks as though he suddenly has lost the cunning which has enabled him to overcome most of Europe. You don't hang a stone about your neck when you enter a diving contest.

Therefore it will be surprising if the Nazi leader is deliberately seeking to force the issue with us at this time. He has created a delicate situation, there is no present indication that it need lead to war. In this connection Senator Lee of Oklahoma made a statement in which he said in part:

"We intend to deliver the goods and if any more obstacles get in our way they can expect to be shot at. I don't think the recent

Finns Maintain Czars' Capital Is Doomed

Helsinki, Sept. 6—(AP)—The Finns maintained today that once-mighty Leningrad, capital of Russia's czars and birthplace of the Red revolution, had become a city doomed—with the ugly glare of fires visible from the Finnish frontier, and with hunger and sickness stalking its desperate millions.

Everyone capable of bearing arms has been enrolled for the city's defense, without uniforms and thousands of them without weapons, the Finnish state information bureau said in a communique last night.

The bureau said its information came from Ingrians—Finns who resided around Leningrad but fled to the north as war closed in on the big Baltic port.

The report declared all public buildings had been taken over for billeting troops and that thousands of men, women and children—lacking even shelter—slept in parks and clearings.

"Food Unobtainable"
(The Germans reported their siege guns shelling Leningrad and the rail town of Schlusselburg, 25 miles east. German troops were reported in Berlin within 20 miles of Leningrad, and Finnish forces smashing down from the north were said to be equally near the fiercely-defended port.)

"Motor traffic", the Finnish communique said, "is equally hazardous and unorganized. Thus, for instance, it no longer was possible to transport inhabitants from the suburbs and rural districts into the city even though they had been ordered to proceed there. They have been told to make their way through the woods, as the roads are under aircraft attack and artillery fire."

"It is becoming wholly impossible to procure food. Bread is no longer on sale in the shops. People eat what they have stored at home, if anything... Sickness already is becoming rampant because of poor food and inadequate shelter."

Battle Still Rages

(By The Associated Press)
Desperate Russian counter-attacks in defense of Leningrad have pushed the German besiegers out of a vital railway zone in the approaches to the city in a great battle which began three days ago and is still in progress, official soviet accounts stated today.

The army newspaper Red Star made the claim without stating the exact location. Mention of the railway was no clue, for Leningrad is a hub of radiating lines, which the Germans claim to have cut. The Germans only yesterday, however, said they were shelling the railroad between Leningrad and Schlusselburg, 25 miles east of Leningrad, and this route might well be the key to the defense of the entire area between Lak Ladoga and the Gulf of Finland.

In autumn fog made thicker by the explosions of heavy artillery shells and the bursting of bombs, the Russians said the battle was continuing without respite for either side. Seventeen out of 30 raiding German planes were declared destroyed near the city.

Formost Chapter
Thus, as the German invasion finished its eleventh week, the battle for Leningrad became the foremost chapter in the story of the war which was the tale of three cities—Leningrad, Kiev and Odessa.

Each was being defended by all the steel and snow the soviet union could bring to bear against the close-drawn peril of conquest.

For all three the climax seemed near. Admitting the steady force of superior strength, the Russians said soldiers and citizen armies were grimly defending each of the three great cities.

Kiev, the mother of Russian cities and capital of the Ukraine, continued to stave off a semi-circular German assaults after breaking two major onslaughts within the past month, the Russian official news agency reported.

Odessa Still Defiant
One attack by three divisions and three and a half regiments of artillery was hurled back with great German losses, the invaders own cannon being turned on them, the agency said. A similar drive met the same fate only last week. Odessa, the Black Sea port whose history dates back to early

AIR CONDITIONING

The air conditioning of homes seems to be a great potential market for the future. Air conditioning equipment to properly control both temperature and humidity the year round will eventually be considered as essential as a central heating system or a bathroom.

Air conditioning of the private home will not only bring comfort in the very warm weather but is an aid to health. A third recognized attribute is the better preservation of the furniture which is often damaged by the lack of or the over abundance of moisture in the air.

Comfort in summer is the most readily appreciated and the factor of improved health that should eventually bring air conditioning from a luxury classification to that of a necessity is often overlooked.

With air conditioning there is less susceptibility of annoying winter colds and persons suffering from asthma and hay fever find air conditioning a great help.

There are two general types of air conditioning installations—the central station system and the unit conditioner. In the former, a central cooling plant in the basement forces properly regulated air through ducts to the various rooms, or else pumps a refrigerant to cooling and dehumidifying units located at certain points. These same units are in most cases adaptable for humidifying and heating in winter, by connections with the steam or hot water lines.

Unit conditioners are an entity in themselves, requiring only water and drain connections. They may contain a small refrigerating compressor, or they may be simply an air washer that cools, cleanses and controls the humidity by a spraying method.

No one is able to tell you what mammal, bird, fish, or insect outnumbers all others in North America.

Colonial Design Is Typically American—Monthly Payments \$30 Under FHA Plan

FIRST FLOOR PLAN

Here is a house which is as typically American as the Rocky Mountains. Its Colonial design and brick construction reflect a feeling of warmth and soundness and provide a home that is almost universal in popularity.

The interior is as attractive and hospitable as the exterior. A large living room with fireplace, a den, dining room, and kitchen make up the first floor, while upstairs are two bedrooms and bath. The roof of the side porch provides a useful sun deck. This property was financed with a mortgage of \$5,100 insured by the Federal Housing Administration. Monthly payments on a mortgage of this amount, over a period of 25 years, average about \$30, exclusive of taxes and hazard insurance.

SECOND FLOOR PLAN

permit the post to settle, and cause the supported floors to sag. Posts should rest upon a concrete base, extending at least three inches above the finish floor, designed and built as part of the footing. Footings should be proportional in thickness and area to the superimposed load. A metal shield is advisable between the post and the concrete base as a precaution against decay of the bottom of the post due to damp conditions.

Questions and Answers

Q. We are using wallboard as interior finish in our home. Several of the rooms are to be wallpapered. What treatment should be given the wallboard before papering?

A. Any difference in thickness between adjoining boards should be removed by sandpapering. When the manufacturer of the wallboard suggests a special method of covering the joints his recommendations should be followed. In absence of other directions cover all joints between boards with two-inch strips of buckram tape or wire cloth embedded in a heavy coat of bonding cement, such as Swedish putty. The surface of the tape should be made as smooth as possible, using additional putty if necessary. Cover all nail heads with putty and finish by sandpapering any roughness in the putty over the joints and nail heads. The entire wall area should then be given a coat of paperhanger's size and allowed to dry before papering. A small molding, set after papering, is sometimes used in the corners to conceal any possible cracks which may occur.

Q. Should wood posts in basements rest on the finish concrete floor?

A. Supporting posts on the basement floor is not good construction practice since floor slabs are seldom effective as footings for structural columns. The weight supported by the column may cause the floor slab to crack.

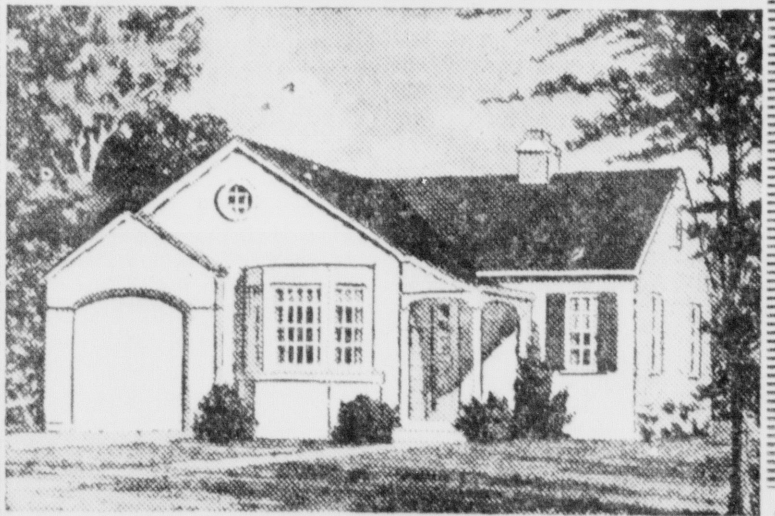

USE OF COPPER PROVES SAVING

For several years now there has been a decided turn on the home owner's part to the use of copper in flashings, gutters, downspouts and valleys. Copper in the long run is an economy and usually adds just a small percentage to the cost of the house. In a small house, it costs less than \$50 more, depending, of course, on the style of the building.

Copper eliminates the depreciation and replacement cost of such equipment, for most other metals will soon rust out or wear out or require painting. Non-rusting copper water tanks, screens, water pipes and hardware are also available at a slight extra cost.

EASY PAYMENTS FOR YOUR HOME

Today and tomorrow the homes of American citizens will be built under the FHA easy payment loan plan, which has been designed to fit almost every purse. Your bank or loaning agency can help you secure these loans. When you go to your loaning agency, you talk over the loan for a new house, and they can help you toward your goal. Details must be arranged and the ordinary home owner is stumped with the number of details required to be answered. Your bank or your loaning agency knows what these details are and can help you very materially to answer the questions that are required.

• When you finance your home with a Prudential 20-Year Mortgage you chart a safe, steady course toward a debt-free home. Small monthly payments cover interest and steadily reduce your loan—pay it off completely in 240 months.

INTRIGUING LIVING ROOM BAY

The Great American Porch

By Paul T. Haagen

Porches are an American institution and apparently grow in favor yearly at the expense of the exterior design of most houses. People use their porches more than formerly. In addition to the living porch, there are entrance stoop, sun porches, sleeping porches, balconies and terraces.

One tendency is for greater privacy in the living porch and we find that the old type of front porch is losing favor. Instead the living porch is separated from the front entrance, often at the side of the house or at the rear, possibly opening to a garden where quiet and rest prevail. All are screened and many are built with permanent glass enclosures or arranged so that they can be easily glassed in for winter.

For those who like sleeping porches, this room may well go over an attached garage or over a first floor porch. Be sure there is a tight railing about 30 inches high and provisions to keep out inclement weather.

The open air porch for nude sun bathing is almost a necessity, as the therapeutic value of the sun's rays are becoming more generally recognized as a health measure and, as such, this open porch is coming into its own. Needless to say, such a porch calls for cunning planning in order to provide the used with privacy from the curious. High, tight railings or screens may be provided to accomplish privacy.

Roof balconies and terraces as used on the contemporary type of home bid well to become a popular feature of home building in the future. They provide not only a welcome spot for rest and quiet, but also a desirable place for airing mattresses and bedding.

WEST COAST MODEL HOUSE

A west coast model house features a living room designed with two centers of decorative interest. One is the modern fireplace which is painted in graduated tones of a soft coral color which shows to excellent advantage against the ivory painted walls. The fire place wall is broken only by an indirectly lighted niche or shadow box. The two huge comfortable chairs are yellow-covered and the coffee table before the fireplace is of coral crystal.

The other center of interest is a four-section sofa, semi-circular in shape, which fits into the great bay window at the opposite side of the room. This sofa is covered in blue. Gold, coral and white leather are used on other chairs in the room. A sculptured broadloom rug in deep coral color fits the shape of the room.

In the southern hemisphere, the winter months are June, July, August and September.

SHELF

If there is a desire to do away with the bedside table between twin beds, or at the side of a double bed, a nappy solution of the place to put the clock, the lamp, the books which you like to have for reading in bed, is to build a shelf above the head, putting it on the wall at the head. Or, if the bedroom is small and the bed is placed parallel against the wall, the shelf may run the length of the bed.

Be sure the shelf is high enough that the tallest person sitting up in bed will not bump his head. It will still be within easy reach for any article on the shelf.

Remodeling Building On Morgan Street

William Myers and Al Fitter are now engaged in extensive plans for the remodeling of the residence at 416 East Morgan street, formerly the location of the Mall grocery.

This house will be finished and decorated so as to give the owners an up-to-date, modern residence for rental purposes.

Like many other good business men who realize that an attractive house is a sound and safe investment, they have selected Home Lumber Company for building materials. They realize that the dependability of the products used in their remodeling insures the successfulness of their investment.

They are using Home Lumber's black, cedar shingles so that they will have one of the best roofs possible. These durable shingles stand up against all kinds of weather and give years of service.

LAST CALL FOR FALL PAINTING

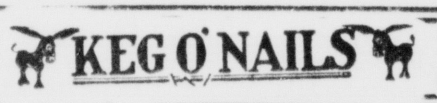

If you've been one of those persons who have been putting off that much needed paint job that your house needs, better start making plans. It won't be long before winter weather will be here and icy blasts are hard on home exteriors.

Come in today and let us help you plan the redecorating of your home. You'll be surprised how inexpensive the job will be and what an improvement it will make on your property. It will give a much needed protection and undoubtedly save a more expensive job, later.

HOW DO YOU SPEND WINTER EVENINGS?

We've a suggestion for long winter evenings. No, it's not too early to speak about it now. Our idea for perfect entertainment when the weather is more severe, is to have a game room in your cellar.

These rooms are very inexpensive and are easily constructed. Let's get to work on it, now. Why sit around waiting until the time comes when you wish you had one but just hadn't gotten around to it yet.

VEGETARIAN

An Irishman went into a jeweler's to purchase a gold ring. "Eighteen carat?" asked the salesman.

"No, you're wrong," said Paddy. "I've been aittin' onions!"

35¢ PER PINT

BUY NOW! PRICES WILL BE HIGHER

We're not trying to start a shortage scare or put any wild ideas into your head. Just listen to some plain common sense thinking.

We all know that the government needs more materials for defense work than they've ever needed before. We also know that the increase in demand is greater in proportion than the regulated output and that this output can not be increased immediately. So while things are readjusting themselves, it is only natural that prices should increase.

There is no great shortage of materials, our country is not running out of its fine resources, but increased demand for both materials and transportation also increase the cost of handling.

Yes, prices have increased already, but not enough that we have felt it necessary to charge you more than before. We can't say this will be the case much longer, so if you're planning any building, remodeling or repair work, you'll be money ahead if you take care of your needs immediately. We'll be glad to do our best to take care of you.

USE OUR COMPLETE REPAIR SERVICE

Are you planning to do any remodeling or do you have some repair work that needs to be done? You'll find it well worth your while to take advantage of our service. We'll be glad to help you lay out plans for the work and if you desire, we'll suggest workmen who are capable and efficient as well as reasonable in their fees, for the work.

Of course we have a complete supply of the very best in building materials and can easily furnish you with any needed products.

Just give us a ring. Call 57 and let us take care of all your remodeling and repairing problems. You'll find this service a great help to you and also will aid you in saving money on almost any job you attempt.

Dorothy Miller, to Become Bride This Afternoon

Only immediate families of the bride and groom will be present this afternoon, when Miss Dorothy Miller, third daughter of the Roy Millers, and Warren C. Huff, younger son of Mr. and Mrs. Clarence Huff of rural route 1, exchange nuptial vows before the Rev. Theodore DeBoer, pastor of the West Side Congregational church. The ceremony will be solemnized at 2 o'clock, at the Miller home, 1219 Second street.

Palms and garden flowers will decorate the living room of the Miller home for this afternoon's nuptial service. The bridegroom and his attendants will stand beneath a white wedding bell, suspended above the bay window. Ralph Nielsen, soloist, will sing two selections, "Because," and "I Love You Truly," accompanied by Miss Marilyn Krahler. As Miss Krahler plays the opening strains of the Lohengrin wedding march, the bride will descend the stairs, to be met by her bridegroom. Miss Helen Miller is to be her sister's only attendant, and Delroy Long is to serve his cousin as best man.

Miss Miller will be wearing a dress of burgundy velvet with bodice and sleeves of eggshell satin, and a jacket of quilted velvet. Her shoulder corsage will contain white roses and baby's breath.

Her sister, as maid of honor, has chosen soldier blue, with nail-head trim. Pink and white roses will form her corsage bouquet.

Mrs. Miller, the bride's mother, will be attired in a black and white ensemble, and the bridegroom's mother will wear navy blue crepe with white accents.

Pink and white icing, and a miniature bride couple decorate the two-tiered wedding cake. After an informal reception at the Miller home, Mr. Huff and his bride will be heading westward by motor on a week's wedding trip to Denver, Colo. For traveling, Dorothy has chosen a teal blue suit with burgundy accessories.

After Sept. 15, the couple will be at home in the federal apartments in Moline. Miss Miller, a Dixon high school graduate with the class of '38, has been employed in the billing department of the Illinois Northern Utilities company. Warren, who was graduated from the local high school in '34, is employed as a machinist at the Rock Island arsenal.

Attending today's wedding will be the bridegroom's parents and his brother and sister-in-law, Mr. and Mrs. Erwin Huff, Mr. and Mrs. Harold Stewart, Mr. and Mrs. Roy Miller, the Misses Betty and Helen Miller, the Rev. and Mrs. DeBoer, Miss Ruth Olds and her fiancé, Herbert Walker, whose marriage is to be an event of Oct. 12. Miss Krahler, and Mr. Nielsen.

Greet the former Dixontes.—Louella O. Parsons—who has become a nationally known figure.—Sept. 15th, is the day. tf

Entertain for Recent Bride

A tiny bride and groom, standing beneath a pink and white arch, decorated the table where linen gifts awaited the honoree, when Mrs. Galen Myers and Miss Alice Sheller entertained last evening at the Sheller home on Chicago Road, complimenting a recent bride, Mrs. Franklin Cline. Before her marriage a few weeks ago, Mrs. Cline was Miss Harriet McWethy.

Tables were placed for games of 50 as the evening's pastime. Miss Kathryn Sheaffer and Miss Marion Butterbaugh won prizes at the card tables, and there was also a guest gift for the bride.

Included on the guest list were Mrs. Edith McWethy, Mrs. Albert Cline, Mrs. Ira Utz, Mrs. L. E. Sheller, Mrs. Marvin Holtz, and the Misses Velda Butterbaugh, Marion Butterbaugh, Dorothy Schafer, Cora Schafer, Allene Huffman, Mary Underwood, Jeanette Tumlin, Lucille Zimmerman, and Kathryn Sheaffer.

MRS. WARE AND MRS. HART ARE CO-HOSTESSES

Mrs. W. H. Ware and Mrs. Leon Hart were co-hostesses of Friday entertaining with luncheon and bridge at Peter Piper's. Their party numbered 24.

Fortunate in the afternoon's card games were Mrs. E. S. Rosecrans, Mrs. A. C. Bowers, and Mrs. Gavin Dick.

VISIT DAUGHTER

Mr. and Mrs. John Norman of Kansas City, Mo. have been visiting their son-in-law and daughter, the E. M. Bastians, since Tuesday. They expect to leave for their home tomorrow, stopping en route in Cedar Rapids.

Come to Dixon Sept. 15th and get a free look at the movie stars.

Win Franklin Grove Beauty Contest

—Telegraph Photo
Evelyn Kuhn Josephine Kelley Maxine Kelley

The three young women, picture above, were chosen to represent Franklin Grove in the Rock River Beauty Queen contest being planned for Dixon's Louella Parsons' Day celebration on Sept. 15. The trio were finalists in a preliminary contest held during Franklin Grove's recent Fall Festival.

Josephine headed the list of contestants with 12,165 votes. Evelyn was second, with 8,260, and Josephine's sister, Maxine, ranked third, with 6,383. Others competing were Adeline Smith, Doris Howard, Ruby Otto, Eva Rhodes, Donna Gilbert, Sally Full, Josephine Kennay, Mildred Bill, Joan Wasson, Lois Hullah, Naomi Cupp and June Pierce.

Crowning of the queen is to be a highlight of the Hollywood ball, to be staged in the Dixon armory on the night of Sept. 15th. Members of the Dixon Lions club are sponsoring the contest, in which a dozen or more communities in this vicinity are participating.

BELVIDERE PARTY FETES MISS CARSON

Mrs. Fred Johannes, Mrs. Robert Daniels, and Mrs. Lloyd Smith were entertaining at the Smith home in Belvidere, Thursday evening, with a September bride-to-be, Miss Helen Carson, as guest of honor. Miss Carson is to become Mrs. Paul James on Wednesday, Sept. 17.

Linen gifts were presented to the honoree. Honors in bridge were shared by Mrs. George Kramer, Miss Carson, and Mrs. George Blakeley.

Pastel streamers, extended from the sprinkler of a decorated watering can, marked the location of the bride's gifts.

NEWLYWEDS ARE COMPLIMENTED

About 100 guests from Polo, Sterling, and Cherry Valley gathered at the Onno Folkers home on Lowell park road Wednesday evening, carrying noise-makers for an old-fashioned charivari in honor of a recent bride and groom, Mr. and Mrs. Theodore Folkers. Mrs. Folkers is the former Miss Evelyn Pearl Davison.

Following the noisy announcement of their arrival, the unexpected visitors were invited indoors for refreshments. During the serving, Edwin Bowers of Polo and his bride, the former Miss Helen Jacobs, joined the party.

Mr. and Mrs. Folkers left today on a two-week wedding trip through the west.

FROM COLORADO

Mr. and Mrs. Joseph Springer of Oregon returned Thursday from a two-week vacation in Colorado. They were guest of Mr. and Mrs. John Ames in Denver, spent some time with Miss Josie Lohmiller and Mrs. Minnie Bradley at Pueblo, and visited Miss Mamie Nohe at Colorado Springs.

FROM FARGO

Dr. and Mrs. C. H. Hightower of Mt. Morris returned from Fargo, N. D., where they have been vacationing the past two weeks with their son-in-law and daughter, the Rev. and Mrs. Fred Ihlenfeldt.

Crothers Comedy Is Presented at Summer Theater

"When Ladies Meet," Rachel Crothers' story of two women in love with the same man, is the seasons' ninth offering of the Grand Detour Players, being shown this week in Illini hall at Grand Detour.

Presenting the familiar problem of a husband who is too attractive for his own good, a respectable career girl who is in love with a married man, and an understanding wife who loves her errant spouse in spite of his recurrent attacks of romance, Miss Crothers brings a freshness and reality to her characters which make the play one of the best of its kind.

It is in the country home of Bridget Drake, a confused hostess (portrayed by E. Melba Johnson), that Claire, the wife of Rogers Woodruff, a publisher, who is as interested in one of his writers as in her book, meets the intelligent and charming novelist, Mary Howard, who is in love with her husband. The two women, each ignorant of the other's identity, are drawn into a discussion of Mary's new novel, which concerns the very problems they are facing.

Mary's novel belief that two intelligent women should be able to decide rationally, rather than emotionally, which one should have the man in the case, is brought to a real test.

Miss Joan Norlander is seen as Claire Woodruff, the wife, and Miss Toni Lumley appears as her rival in love. Returning to Illini hall for the first time this summer, Maurice Blythe is seen in the role of Rogers Woodruff. Completing the cast are John Cosgrove, as Jimmy Lee, who is in love with Mary; Don Randall, as Walter Manners, an interior decorator; and Edith Perry, a French maid.

This tender love story, which has just been released as a motion picture, will be repeated tonight and tomorrow evening. The usual matinee performance will be seen at 2:30 o'clock tomorrow.

Director Richard Vernon announces that next week's production will be "Kempy," an American favorite, written by Elliot Nugent, author of "The Male Animal."

PERSONAL SHOWER IS ARRANGED FOR MISS BLACKBURN

Miss Phyllis Wells invited to her home last evening for a personal shower, complimenting Miss Florence Blackburn, fiancée of Herbert Gernsman. The Gernsman-Blackburn wedding is to be solemnized a week from today at St. Patrick's church.

Honoring the bride-to-be last evening were Mrs. Joseph Dempsey, Mrs. Orville Tiffany, Mrs. Donald Zoeller, and Misses Mabel Luke, Garnet Hamill, Eloise Pettit, Margo Howard, and Jane Tofte.

CHURCH GROUP GIVES PARTY

Miss Dorothy Jane Miller, who is to become Mrs. Warren Huff this afternoon, was guest of honor at a pre-nuptial party given Thursday evening by young people of the Christian Fellowship club of the West Side Congregational church. Twenty-two guests gathered at the church to honor the bride-to-be.

Richard Boehme, president of the club, presented Miss Miller with a table lamp. At the refreshment table, the honoree was asked to cut a large wedding cake.

Polo Garment Factory Has Order for Army Jackets

Cutters at the Pol Garment factory are busy preparing materials for 12,000 dozen army jackets to be made of green corduroy, this will comprise a trial order received from the U. S. Government. The big order came in a few days ago and materials arrived later. The dead line for this order is Nov. 1. If the trial order for the 12,000 dozen jackets is satisfactory and the job is completed by Nov. 1 an additional order for 18,000 dozen jackets will be placed here to be delivered by Jan. 1 1942. According to present plans and order will continue until the emergency is over.

The material used is furnished by the U. S. Government and is valued at approximately \$35,000 for the first order.

At the present rate of employment the first order will require about 25 percent of the local factory's capacity.

A minimum of 37 1/2 cents per hour will be paid this no doubt will be increased later.

At present the payroll at the factory amounts to \$12,000 a month or approximately \$600 for each working day.

A government inspector, Joseph Smith of Philadelphia has come to be here during the time government orders are being produced.

ment orders are being produced.

Four-Lane Hi-Way from Chicago to St. Louis Greens' Plan

Belleville, Ill., Sept. 6.—(AP)—Gov. Dwight Green, making his first official inspection tour of the state, said today that his administration was seeking federal aid to make U. S. route 66, a four lane highway on its 300 mile length from Chicago to St. Louis.

Details of the plan, estimated to cost \$18,000,000 to \$20,000,000 and to take five years time, were outlined for the governor by Walter A. Rosenfield, Director of Public Works and Buildings late yesterday.

Rosenfield said he expected the federal bureau of roads would look kindly on the Illinois application as a national defense project since the heavily traveled road is an important transcontinental artery. If federal funds are available, work could start next spring, he said.

Actually, Rosenfield said, the modernization plan is well under way. Recent improvements include bypasses around Bloomington, Springfield and Lincoln. The road now has four lanes for approximately 40 miles between Chicago and Joliet and ten miles north of Springfield.

Green Enjoys Trip

Cooperating with the state highway division, county highway departments have been procuring additional right of way for the project for some months.

By building a new two lane pavement paralleling the present highway, much of the existing route could be left in use during the construction program, he said. Some relocations are contemplated.

Meanwhile, the governor obviously was enjoying his tour of state parks, highways, and institutions. This was the fifth day of his projected nine-day tour.

The governor planned to inspect the police district and state garage here before making a brief appearance at the Perry county fair at DuQuoin. If time permits, he planned to make a short visit to the penitentiary at Chester before stopping for the night at Murphysboro.

How to Die in the Poor House

Many years ago there was a man who, by reason of his occupation, made frequent trips from his own small city to a larger one some seventy-five miles away. Near his home town was a "junction" where he had to change cars to get on or off the main line. Distance to the junction was approximately twelve miles.

Very often this man walked to or from the junction. He didn't walk for exercise, but because the fare was about 25 cents. On occasions when he was feeling stout he walked both ways, and arrived home with 50 cents saved.

In those days men could find shirts for sale at 39 cents. A woman's hat could be purchased for 50 cents, and women's shoes for as little as 98 cents a pair. Men's suits could be bought for \$3 to \$5, and if you wanted to be sartorially elegant you had to pay no more than \$8 or \$9 for a very fine suit. Two-piece suits for boys cost \$1.

This is a way of saying that money was worth more about the turn of the century than it is worth now.

It would be interesting to trace all the reasons why money has depreciated in value, especially with regard to some commodities. It is fair to note here, however, that railroad passenger rates at that time were approximately 2 cents a mile, and today one pays about the same for the same class of conveyance. You can save about 25 cents by walking twelve miles along a railroad track, but for the same amount of money you can't buy enough food to replenish your energy.

Economists have been quick to note that the value of money generally is reduced by governments. Only on rare occasions is it increased deliberately, and then not for long. It is safe to make any plan on the theory that when governments change the value of money, they depreciate it, and the reason is not hard to find.

The reason can be seen in Washington today. Our government has overspent its income purposely—not by accident—for the last eight years. The theory was that by borrowing heavily, spending lavishly and having a huge national debt, prosperity could be restored. Then came this war. With a federal debt already large beyond reason, and created in violation of solemn promises, the government found itself face to face with a rearmament problem which, with aid to England and others, has now obligated us to the tune of some 50 billion dollars either spent or to be spent. In addition to this, the President announced this week he will ask for further billions for war or defense purposes.

Not all the debt upon the shoulders of taxpayers is federal debt. In cooperation with the federal government, many local divisions have obligated themselves to pay for part of improvements such as dog

pounds, swimming pools, elaborate highway networks—and boondoggling projects.

Congress has been sweating for months to produce a new tax measure which will help pay the bills, but leave the people unconscious of the amounts for which they are to be gouged. Such a measure, of course, does not exist. For thousands of years various governments have been searching for ways to tax people painlessly. But the reckless spenders haven't been able to do it. Always they have been thrown out of office. In the case of elected governments the people have had revolution by ballot. In some other instances they have had revolution by violence. In still others there has been general lowering of the public morale, followed by invasion. France is the latest example of such tragic overthrows.

As people in a republic begin to feel the weight of taxes they immediately charge more for what they do, or make, or sell. As they charge more for their goods or services they are faced by higher prices for what they buy. That is what is known as the vicious spiral, and unless all signs fail, we are now seeing the beginning of one.

Strangely, income fails to meet increased expenses for the reason that the same people who try to increase their incomes are violently opposed to higher expenses. We shall illustrate: The man who goes to bat for a wage increase, which increases some one else's cost of living, substitutes the additional cost of what he buys. He uses substitutes, or goes without, or at least reduces consumption. Income lags behind rising costs.

Now we come back to the fellow who used to walk twelve miles to save 25 cents. He was a thrifty soul, and back in those days he saved what he thought was enough to carry him through life and leave something to pay for his funeral. But it has not been enough. His first shock came in the World War inflation. His second shock came in 1929. He is beyond shock now, being an object of charity, living with relatives who consider him a burden. He is partly blind, mostly deaf and his memory has failed. His thrift has been well rewarded by the spenders.

People with fixed incomes always suffer in the tide of rising prices launched by reckless spenders. We were talking the other day to a man who is merely existing, working at odd jobs until next spring when he will begin drawing a pension of \$30 a month at the age of 65. Judging by his appearance he couldn't die within the next ten years, barring an accident. He imagines that his \$30 a month will pay all his expenses until Gabriel calls his name.

Who else imagines that? Who believes that with the federal government enacting laws to raise prices, and merely talking to keep prices down; with Uncle Sam spending annually from two to three times his income; with local governments up to their limit of indebtedness and often beyond, and with everybody screaming for wage increases, this man will be able to survive long on \$30 a month.

We suggested as much to the man who is going to draw a pension of \$30 a month beginning next April. He had a pat answer, based on the reasoning that has brought many a government to despair. "They'll have to increase my pension, then," he said.

In other words, if the body politic takes poison by error, the cure is to be found in the same flask, marked with skull and crossbones. Write your congressman and ask him to use his influence against every non-essential government project.

News Behind THE NEWS

By PAUL MALLON
(Distributed by King Features Syndicate, Inc., reproduction in whole or in part strictly prohibited.)

Washington, Sept. 5.—The gasoline shortage bogey has at last been laid low by the Maloney committee, but the consumer is not out of the woods by a long shot. In fact eastern auto drivers are going to pay through the nose twice for the alleged shortage if they don't watch out.

The railroads have shoved 20,000 tank cars right under the noses of Petroleum Coordinator Ickes and the oil companies, who apparently aren't much interested in this method of moving gasoline. (On August 22 this column said, "The railroads are claiming 20,000 tank cars are available.")

In two weeks, according to the president of the Association of American Railroads, the deficiency can be more than met. But it is going to cost money, say the oil companies. In fact they have already informally requested Leon Henderson to allow them to raise the price of gasoline again to cover the use of the tank cars which are more expensive to operate than tanker ships and barges. Henderson has intimated that this increase in cost can be tacked on to the motorist's bill. What the companies haven't said; what Henderson hasn't said; what "Honest Harold" Ickes hasn't said, is that the companies have already increased the gasoline price enough to pay twice the added cost of using tank cars. Here are the figures:

Railroad and oil experts tell me that to get 10 per cent to 20 per cent more gasoline into the east through the use of tank cars will add between a quarter and a half cent a gallon to the cost of all gasoline sold in the east. But what's more, no one has given any adequate justification for this one cent increase.

Unless Henderson changes his mind, he is going to disregard it. Reason: The companies completed their sneak price rise just before the howl went up from Ickes about a "shortage"; just before Henderson froze the retail price. Slick, eh?

Ickes is getting his gasoline advice from the big oil companies. If you don't believe it, listen to this: Eight members of the 12-man advisory group for the east, to whom Ickes presents his problems, are officials of the following eight companies: Texas Co., Socony Vacuum, Sun Oil Co., Shell, Standard of New Jersey, Consolidated Oil, American Oil, and Wofford Oil Co., a subsidiary of Pure Oil Co. In addition, Deputy Administrator Davies is from Standard Oil of California, and counsel for the petroleum administrator is from the law firm which represented Standard of California.

However, one thing the major companies didn't get out of Ickes was protection from trust-buster Thurman Arnold of the justice department, although they wanted it badly.

It hasn't leaked out yet, but the major companies are about to surrender in one of the two big suits Arnold has pending against them.

Arnold charged that major oil companies controlling pipeline companies were getting excessive and illegal rebates, or kick-backs. In other words, pipeline companies would charge high rates to keep competitors out, but would pay dividends, in some cases as high as 36 per cent, to the oil companies which owned them. Twenty-five companies with several hundred subsidiaries are going to agree to cut these dividends to seven per cent.

The state department had better watch out or the good will visitors from Latin America are going back there with a lot of bad will for Uncle Sam. Senorita Magdalena Petit, prize-winning Chilean novelist, composer and playwright, came to Washington for a visit the other day at the invitation of the state department. A friend found her sitting in a dingy room facing the court in a second-rate hotel. Senorita Petit could not leave, she said, because a state department official told her to stay there until he phoned her about an appointment with Congressional Librarian Archibald MacLeish. She sat there one whole day.

DIXON DUKES TO LAUNCH SEASON
NEXT FRIDAY NIGHT WITH HOPES
OF OUTSTANDING GRID CAMPAIGN

Eight Major Lettermen and Most of Last Year's Championship Sophomore Team Return to Local High School to Brighten Prospects

The heck with superstition; it may be unlucky to count your poker chips before you cash in and it may also be Coach C. B. Lindell's 13th year as Dixon football mentor, but right now it looks like they're going to have a darn good team to represent D. H. S. in 1941.

Working out each night on the local gridiron in preparation for the opener here next Friday night with Oregon, are over 50 candidates, all of whom have some measure of talent and from whom a varsity team will be chosen of players who are about on a par.

Whatever they may lack in beef and experience they are making up for with pep and an eagerness to learn the game. There's more enthusiasm in the 1941 squad right now than any team has shown on the night before a Sterling-Dixon game. And that's the real pepper, the kind that has the enemy sneezing his head off.

Coach Lindell who has had almost a week now to look over his prospects for the season is not dangerously optimistic, and declares that "we will not have a heavy team, but we will have an aggressive, cagey and fighting squad of boys."

The fact that this is his 13th year at Dixon doesn't bother the local mentor and any creeping superstitions she banishes with the reminder that it was in Coach Ted Scheid's 13th year that Sterling won the North Central conference championship.

Furthermore, a coach who has had an all-time record here of .739 shouldn't have too much to worry about. Lindell's record, by the way, is an amazing factual account of his success. In twelve years his teams have won 65 games, lost 23 and tied 15 for .739. In the North Central conference Dixon football squads under the tutelage of Lindell have won 40 games, lost only nine and tied seven for .816.

Eight major letter men, three of whom were regulars on last year's squad, are returning to the Purple and White this year. The regulars are John Weaver, tackle, 184 pounds; Dan Shiaras, center, 150 pounds; and Cyril Shank, end, 155 pounds.

Other returning varsity lettermen are Lloyd Gilbert, quarterback, 125 pounds; Bus Egler, half back, 155 pounds; Clell Weidman, half back, 150 pounds; Dwight Fulmer, center 162 pounds and James Thompson, tackle, 163 pounds.

Other outstanding prospects who were juniors last year, include Paul Hoeman, guard, 138 pounds; Joe Hink, tackle, 159 pounds; Jim Hoon, tackle, 160 pounds and Jo Van Meter, 145 pounds.

Added to all these is an imposing list of sophomores who will move up. It is this gang of boys who last year tied with Belvidere for the championship of their division of the North Central conference.

Sophomore lettermen who are returning are: Ken Cramer, end; Don Edwards, tackle; Bill Evans, tackle; Don Hamill, quarterback; Ray Joyn, halfback; John Loftus, back; Bob Miller, end; Robert Quilhot, fullback; Carl Schnake, full back; Bob Hess, guard; Sostant Pierre, guard; Bill Haefliger, tackle; Walter Knack, end; Lloyd Walter, guard; Bob Wiener, back; Don Koth, back.

Last to the squad this year is Bill Lieneke who last year was one of the outstanding backfield men on Coach Marvin Winger's sophomore team. Bill recently moved to Morrison with his parents and should be one of the outstanding men in the Rock River conference.

Other candidates for the 1941 team, all of whom are to be credited with plenty of ability include: John Van Nuys, Don Bowers, Bob Cramer, Bob Marshall, Junior Gardner, Edward Pessink, Mark Smith, John Collins, Edward Osowski, Eustace Shaw, Kenneth Potts, Don Fish, Phillip Reilly, Dale Frey, Richard Williams, Russell Tetrick, Richard Stitzel, Jack

KEAGLE PREDICTS
FAST TIGER TEAM

They're sharpening claws down at Princeton and the watchword in the North Central conference is, "Hold that Tiger!" Last year the Princeton lads won only five games, but Coach Foster Keagle has nine returning lettermen this year and says he expects a better team. He adds, "The backfield will be light and rather fast. The line will not be heavy but will be rangy and experienced."

The returning lettermen at Princeton are: Jack Young, back, 135 pounds; Bob Yates, back, 150 pounds; Bob Frantzen, back, 160 pounds; Arnold Train, tackle, 155 pounds; Art Fleming, back, 150 pounds.

Candidates for the team positions are: halfbacks—Captain Jack Young, Art Fleming, Merle Vetter, Bob Carlson, Cliff Frantzen. Fullbacks—Bill Hanson and Don Rumley. Quarterbacks—Bob Frantzen, Roger Mercer, Dick Highfield. Ends—Gilbert Brown, Bob Yates, Don Larson, Herbert Pease, Lawrence Monier, Bob Conklin, Dean Teece. Centers—Berten Nelson, Bob Fahlgberg, Howard Walker. Tackles—Kenneth Shipp, Tom Thompson, Milton Hult. Guards—Arnold Train, Tom Monier, Bob Dewore, George Bentley.

Other boys who were out last season and who may break into the lineup this year are: Bob Klass, Jim Marine, Jean Gilder, master, Hugh Skinner, Leslie Dean, Roger Richards, Don Kern, Elmer Dalton, Art Poppens, Don Lay, Joe Zearing, Lyle Pratt.

Assisting Coach Keagle this year will be Cyril Ewart and one other yet to be named.

The season opens with four home games in a row: Walnut, DePue, Kewanee and Belvidere. Parents' night will be on the third of October with Belvidere. Homecoming is scheduled for the Mendota game on Oct. 24.

MORRISON'S GRID
PICTURE IS DARK

George Keist, who has coached for the past 10 years at Kewanee's Weathersfield high school, is the new boss at Morrison this year.

Last year the Morrison team finished in a tie with Oregon for third in the Rock River conference with three wins and three defeats. This year the new mentor takes up his job under gridiron skies which don't look any too bright. There are few lettermen returning and those prominent among them are: Bell, lineman, 180 pounds; Austin, lineman, 165 pounds; Buell, lineman, 165 pounds; H. Shuman, back, 150 pounds; D. Shuman, back, 135 pounds; Dykema, back, 140 pounds; Kromrey, back, 135 pounds.

The bulk of the squad will probably be made up of last year's reserves and second team. Coach Keist succeeds Bob

GUEST
PICKERS

The read-em-and-weep boys, that clan of eight fellows around town who are selected each year as football guest pickers have a trophy at which to aim this year.

John Cahill who believes that win or lose it's always Notre Dame, is offering a trophy which is certain to become famously known as the "Cahill Cup".

To the guest picker who has the highest percentage this season, Cahill will present some kind of a trophy.

Invitations have been issued to eight men who will make their selections of 20 college games on Friday nights—and "punt and pray" for victory on Saturday.

The oracles and the dates for their 1941 crystal gazing are as follows: Oct. 4—L. V. Slothower; Oct. 11—Ken Detweiler; Oct. 18—Gerald Ankeny; Oct. 25—Robert Hill; Nov. 1—Emerson Rorer; Nov. 8—Joe Miller; Nov. 15—Doug Curran; Nov. 22—Gerald Jones.

In the three years that Fanfare has conducted this department on Friday nights during the football season, the highest percentages have been recorded by Bob Dean of Ashton and Willard Jones of Dixon with .800 scores in 1939.

Highest last year were the

FORMER CIRCUIT
TEAM LOOKS GOOD

Belvidere in departing (from the North Central conference) has left behind impressive footprints on the sands of time, but although the Boone county warriors will play each of their former rivals this year, the results will be "feudal and futile." They remain only in the picture long enough to complete the contracts made before the board of education withdrew the squads from the circuit.

Prospects at Belvidere might have been bright this year judging from the four wins and one tie of the freshman-sophomore team in 1940. This might have been Belvidere's year and it will be interesting to see just how far they might have gone had they stayed in the loop.

The 1940 Belvidere varsity team wound up the season with a .500 percentage on two games won, two lost and one tied.

Dean Carter, a new coach, is drilling the Boone county warriors

STERLING MUST
PUNT AND PRAY

"And what about Sterling?" That's the big question in the North Central conference as another season rolls around. Still in the spotlight by virtue of the conference championship last season, the Sterling squad in 1941 is again on the spot.

Last year Coach Ted Scheid's boys went undefeated throughout the season and claimed (with reason, too) rights to the honor of state champions. At least there was no one around this parts could prove otherwise.

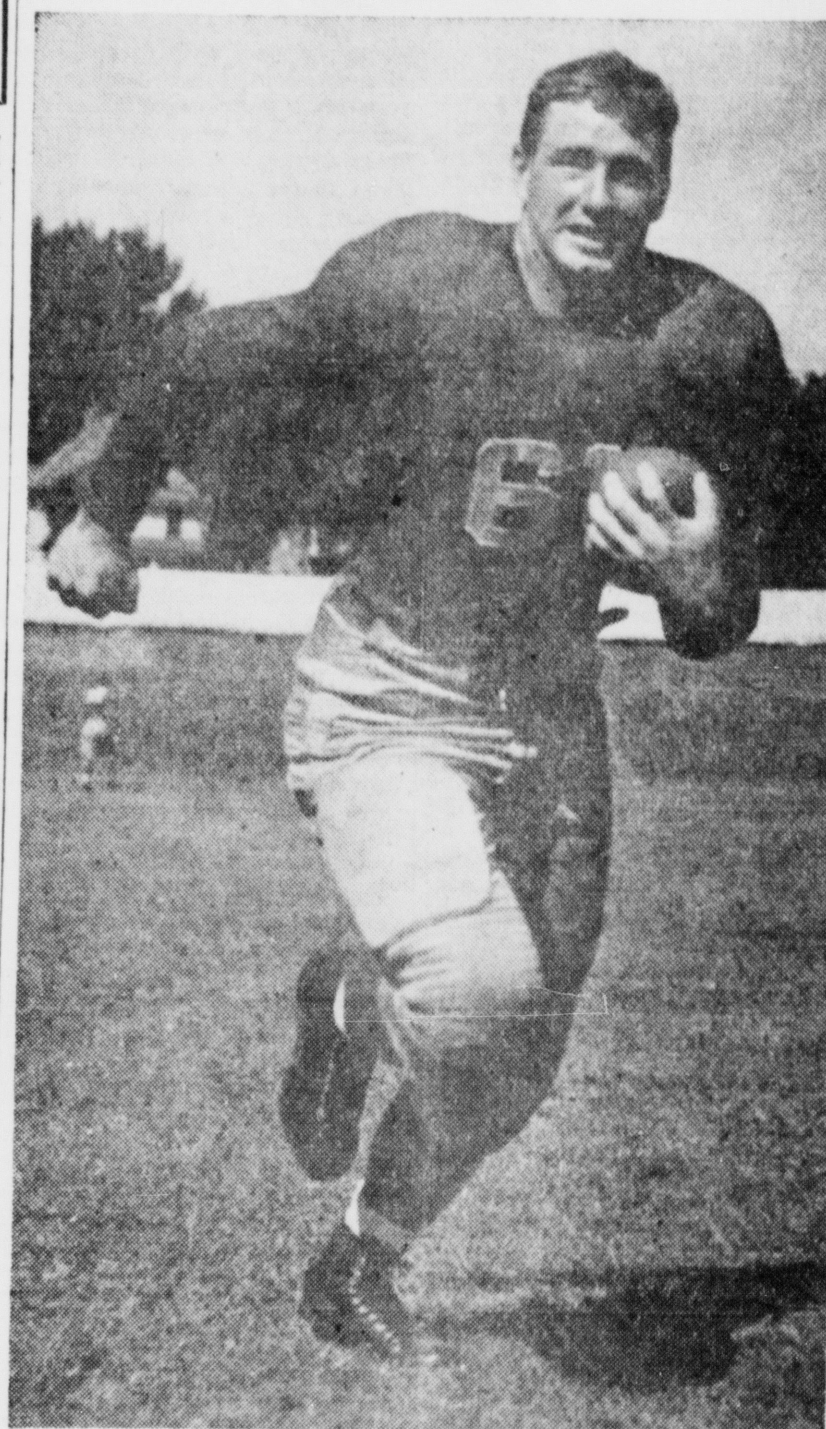

More than 30 candidates for the 1941 squad reported to Coach Scheid for the opening of the practice season. Of these Co-Captains Harry Woodyatt, a backfield man, and Earl Nelson, an end, are the only returning regulars from the championship team.

However, there are some fine looking reserves and the report from Sterling is that "there will be plenty of beef in the line and the backs should be shifty. What the team needs is experience and this will soon be the order of events."

Scheid will have seven monogram winners from last year's freshman-sophomore team which finished the season with one win, three defeats and one tie. These men include: Charles Miller and Norville Zigler, tackles; Dean Dahlgren, guard; DeVore Leonard, center; Harvey Rieser, John Gould and Leon Gould, backs. Jack Freeman, considered one of the best linemen last year on the

DON E. MILLER

With a book under his arm on Bascom Hill and a football under his wing at Camp Randall stadium, Don E. Miller, son of Mrs. Mae Miller of Dixon, will start his fourth year at the University of Wisconsin this fall.

Don leaves Monday for the Wisconsin campus where the Badger football men are answering Coach Harry Stuhldreher's call to arms. Dixon's contribution to the Big Ten will be after his third varsity football letter and the big 214-pound husky will be one of the coach's hopes for security at half back position.

Don has spent the summer working outdoors with the I. N. U. linemen and it won't take much to get the big, 6-foot 2-inch griddler in condition again.

While in high school here, Miller was one of the stalwarts on Coach C. B. Lindell's team.

SEVEN LETTERMEN
RETURN TO POLO

As new to Polo high school as the freshmen who entered its portals on Tuesday, but by no means inexperienced, is the coach, Clyde Peterson who will try to pick up the Rock River conference team from the floor position of sixth in 1940.

Eight lettermen from last year have been lost but the new mentor has seven award-winners as "nest eggs" for the new season. Returning lettermen are Wayne

ATHLETIC
POLICY

As the Dixon Dukes and the football teams of the neighboring high schools prepare to open the 1941 gridiron campaigns, it is well to be mindful, both as participants and fans, of the code which governs this sport. The athletic policy of the Dixon high school, as composed by Principal B. J. Frazer, might well apply to any other group of young athletes. Following are excerpts from the local high school's rules of the game:

"Both physical education and inter-school athletics are conducted by the school for the benefit of the student. There is no justification for the time, money and effort spent on athletics unless there is as a definite gain on the part of those who participate. By gain and benefit is meant the following:

"A. Interest enough in, and loyalty enough to the sport, the other fellows on the squad, the coach and the school that the athlete can see that the best interests of all concerned lie in his willingness to place the good of the squad above his own desire to stand out—and above his own right to do as he pleases.

"B. An athlete is expected to learn to give and take impersonally and without anger. (An athlete who acts as though everything which happens is intended as a personal insult which must be avenged isn't worth any coach's time.)

"C. Learn to respect the authority as represented by captains, coaches and officials. In life things don't always go our way. The officials are likely to be less excitable and inclined to bias than any player. Any athlete who attracts attention by taking time to 'squawk' at the officials is merely handicapping his own team, and often would be of more service on the bench. Since decisions can't be altered by a 'squawk', the surest way to offset them is to concentrate on the game, keep one's temper.

"D. Learn to keep your tongue—it is of no use to anyone else—makes you look stupid and act foolishly. When you

OREGON HAS FOUR
LETTERMEN BACK

O-R-E-G-O-N, put them all together and they spell Dixon's first 1941 football opponent. And up in the Ogile county's "capital," Coach Art Driver is trying now to put four letters (those worn by the returning award-winners) together to spell WINS. And, that, on any schedule, is a tough assignment.

Last year Driver's Hawks finished third in the Rock River conference with three wins and three defeats for a .500 percentage.

The four returning lettermen at Oregon are: R. Bocker, J. Weyrauch, C. Lamb and J. Ulferts and around these boys the coach and his assistants are attempting to build a squad which must play nine games this year—six in the conference and with Dixon, Stockton and Winnebago thrown in for "good measure."

NEW COACH GETS
DE KALB READY

Everything's spanking new at DeKalb this year—all the way from the new equipment which has been purchased to the new coach, Robert Reihnen. And there's a new page in the North Central conference history, too, and on it the Barbs hope to write in letters big with victory—so big that they erase from memory the .900 standings in the circuit last year.

With a 1940 sophomore team which won two and lost three the Barbs this year are expected to be on the climb. Once you hit bottom, they feel, you must bounce back and they've picked 1941 for that return to triumph.

Coach Reihnen who has the big task of learning the boys by name and discovering the extent of their talents, was well pleased with the way the boys "caught on" in the first practice sessions this week. Reihnen has named the boys who appear most likely to compose the Barbs' varsity this year. They are: Don Blight, half back, 145 pounds; Bob Braffet, tackle, junior, 175 pounds; George

Crooke, center, junior, 160 pounds; Bob Cuz, guard, sophomore, 175 pounds; Gene Davis, back, senior, 165 pounds; Martin Donnelly, center, senior, 165 pounds; Joe Ebbeson, center and end, junior, 160 pounds; Calvin Evenson, tackle, senior, 180 pounds; Dick Fitzgerald, back, junior, 140 pounds; Kenneth Hailgren, tackle, junior, 165 pounds; Mike Hrnjak, back, junior, 160 pounds; Warren Jenks, back, junior, 145 pounds.

James Lincoln, end, senior, 146 pounds; Harold Littlejohn, end and tackle, senior, 150 pounds; Howard Littlejohn, center and tackle, senior, 160 pounds; Louis Matevich, end, junior, 140 pounds; Leonard MacKain, back and end, senior, 150 pounds; Gene Misner, back, junior, 147 pounds; Bob Mosher, end and guard, senior, 150 pounds; Albert Rippi, guard, sophomore, 190 pounds; Bob Rich, back, senior, 150 pounds; Don Risley, back, senior, 145 pounds; Dean Schultz, tackle, sophomore, 160 pounds; Pete Smollich, end, senior, 145 pounds; Kenneth Swanson, tackle, junior, 165 pounds; Runar Wedberg, end, junior, 140 pounds; Carl Wisdom, back, sophomore, 140 pounds; John Wall, tackle, senior, 180 pounds.

1941 IS NEW LEAF
FOR AMBOY SQUAD

Down at Amboy, home of the fighting Irish, they have a new slogan, "the heck with last year, it's 1941 now." And in the Rock River conference this should serve as a warning to the other football teams that Coach Jim Dominel-

ta's boys are out to erase the past.

Although the future is a new page in football history, the Amboy mentor is not too optimistic and says, "Again the outstanding conference team is Rock Falls." But he adds, "If we can find suitable backfield material, the team (Amboy) will be much improved over last year's team."

Ten lettermen have returned to the Amboy squad this year and only three (Price, Simons and Powers) were lost by graduation. Returning "A" men are: Glessner, quarter back, senior; Ottenheim, full back, junior; Stouffer, quarter back, senior; Haws, half back, sophomore; Jones, end, senior; Bothe, tackle, senior; Ditsch, guard, junior; McKeown, guard, junior; Blum, tackle, senior; Dickinson, end, senior; Lettleman, guard, sophomore.

The season for the Irish will open on Sept. 19 in a home game with a Freeport squad and the conference season begins with a toughie on Sept. 26 in a home game with Rock Falls' defending champions.

50 MEN REPORT
AT ROCK FALLS

The largest football squad in the history of Rock Falls high school reported Wednesday to Coach George Quire and his assistant, Bernard Mitchell, when 50 suits were issued.

This year Rock Falls, defending champions of the Rock River conference, has only four regulars returning from the team of last year. They are Hunsberger and Barnhart in the backfield and Card and George in the line. W. McMurphy was a letterman last year, although not on the regular lineup, and is also back this year.

Coach Quire has a host of material for the backfield, including such addition players as Junior Spencer, Dale Lane, Clarence Kyger and Wendell Boehm. However, there is a shortage of material for the line which is expected to be considerably lighter this year. In addition to those mentioned previously, there are B. Gehring, J. Daniken, I. Koster, R. McMurphy, McKenna, Gregory and Fielding.

The first game of the season, scheduled for next Friday night at Pekin, is regarded by the Rock Falls staff as the toughest of the season. Pekin is rated as one of the best squads in the state. Following that comes another toughie

MENDOTA TO HAVE
BEEF IN THE LINE

Mendota which tied Dixon last year and came through for a third place in the North Central conference standings with two wins, one loss and two tie games, has five returning lettermen this season around whom Coach Rufus E. Dewitz pins his 1941 hopes.

The Mendota mentor is faced with other serious problems: Only 30 candidates showed up for the first football practice this week on the gridiron from which nine lettermen, including Seno—second highest scorer of the conference—have departed.

Looking over the conference picture, Coach Dewitz says: "I expect Princeton to have one of the best teams in the history of their school. Dixon and Sterling are always tough and DeKalb with a lot of lettermen will be strong."

Major lettermen returning are Bud Edwards, Bob Faber, and Elwood Pederson, backs; Charles Gesslein and Bill McKeown, linemen.

Minor lettermen who are back this year are: Howard Krieser, Bill Momeny, Bill Schmitt, Wallace Mathesius, Jerry Dubbs, Robert Maller, Robert Atherton, Don Cannon, Dixie Howell, Bill Thompson, Clyde Mason, William Michael, David Shapiro, Albert Yost, Clifford Preston, Jim Edwards, LeRoy Wagner and Ed Boyle.

Lost by graduation were Frank Seno, Wayne Spender, Art Brown, Bernard Coss, Don Cromwell, Robert Krenz, D. Kromm, Thomas Lane and Robert Larkin.

Assisting Dewitz with the football work will be Lloyd Donier, former coach at Cisma Park. Donier will be coach of the freshman-sophomore team and will be in charge of varsity basketball.

Looking over the "big boys" of Dewitz' team there are: McKeown who weighs 215 pounds, Wagner who tips the scale at 194 pounds, Momeny who weighs 205, Michaels who weighs 180 and Maller who tips the beam at 195. A fast backfield behind a heavy line is expected to solve the coaches' problems during the 1941 season which opens with Morris on the home gridiron on Sept. 19.

ROCHELLE TEAM
WILL BE LIGHT

Over at Rochelle this year a rising tide of 60 players turned out for the first football practice session and Coach Bill Helms' heart leaped with joy at the prospects for the 1941 season.

Rochelle, second place team in the Rock River conference last season with one defeat should command a large part of the picture

again this year in spite of the loss of very valuable players.

Slashing into the 1940 team, graduation robbed Helms of Babe DeGryse and Phil May, two hard-hitting gridmen of outstanding ability. However, in a squad of 60 men a wealth of golden material is almost certain to be discovered.

In addition to DeGryse and May

MT. MORRIS COACH
LISTS PROSPECTS

After Friday night, Sept. 19, at Savanna Coach Wendall H. Schrader will know whether his present outlook for the Mt. Morris team is really justified or not. Right now he thinks the picture is dark but probably holds some of the philosophy of: it is better to expect nothing too much and then be agreeably surprised.

Backing up Schrader's fears for 1941 is the long list of players lost by graduation. They include such stalwarts as Gene Baker, tackle, 258 pounds; Duane Clausen, tackle, 180 pounds; James Coffman, center, 165 pounds; Edward Hardesty, guard, 145 pounds; Tom Leonard, half back, 140 pounds; Russell Merriman, end, 165 pounds; Claremont Michaels, end,

BAND GETS IN STEP

Orville Westcott, director of the Dixon high school band, reports that the young musicians are drilling now for their initial appearance of the season next Friday night when they play for the Oregon-Dixon football game here. Several members of last year's band returned to school this year and with the addition of new musicians, quite a large band is expected.

PLANS FOR 1942

Up at Polo they are talking now of arranging night baseball games at the lighted high school field where softball games were held this year. The plans were discussed at the stag picnic of the league Thursday night. It would necessitate the erection of one or two more light towers.

DOVE HUNTERS

The doves down around Harlow were seeking any port in a storm of shells last night when Bob Austin and Bradley and Graydon Moll were out with the blunderbusses, seeking to augment the family larders.

ROW, ROW, ROW YOUR BOAT

J. E. McIntyre will be off to Shell Lake, Wis., tomorrow where he says he'll row the boat for Fireman Bill Cinnamon and probably verify any fish stories that are told when they return.

JOE LOUIS AT CAMP GRANT

We'll bet you a plugged nickel that Phil "Shorty" Watts has a ringside seat when Joe Louis, heavyweight champion of the world, makes a personal appearance at Camp Grant, Oct. 8. Louis will box three rounds at Bell bowl and will referee several other bouts. His appearance will be only nine days after his championship bout with Lou Nova in New York on Sept. 29. Tony Zale, middleweight champion, will appear on the same fight card with Louis. Admission will be limited to soldiers in uniform.

NOT BEHIND THE PLOW

Fay E. Book, Sterling husky who earned a letter at center as a sophomore on the Marquette university football team last fall, has heeded the call of Uncle Sam and now belongs to the army air corps and is in training at Rankin Aerodrome, Tulsa, Calif.

ILLINOI GRIDMAN ON TOUR

Myron Pfeiffer, University of Illinois fullback whose picture appears on all the football posters this year, was in Dixon yesterday. The bespectacled and studious-looking gridman is on a tour of the state distributing the official schedule posters. Speaking of the prospects for the Zupke-men this fall he said, "We may be the underdogs again, so we have everything to gain this season and may surprise everybody. Pfeiffer, whose home is in Illinois, is a junior and earned his letter last season when he scored 30 points as a team's high point-getter. He weighs 180 pounds and is a student in chemical engineering. This summer he attended special sessions to earn additional credits.

VISITS BROTHER

George Covert, Jr., ace tennis player, is spending the week end at Scott Field as a guest of his brother, Russell. George reported before he left that plans are now being made for the Beier's championship net squad's banquet to be held in the near future.

TITLE MATCH TOMORROW HERE

Emerson Rorer who yesterday defeated Fred Reis, 3 up, in a Class A semi-finals match in the Plum Hollow golf tournament, will meet Skeeter Feldtknecht in a 36-hole match tomorrow for the club championship. Fred Reis, who a few weeks ago suffered an injury to his left hand, scored 40 and 39 for 79 and offered no alibi because of the handicap of a bad hand. Em counted 39 and 38 for 77. The high scores of the match were partly due to the strong wind which swept over the course and the rains of Thursday night left the fairways rubbery. Balls no longer get the bounce they did in the scorched fairways. Scores of the match were: Rorer—345 354 555—39 and 354 545 543—38. Reis—443 444 665—40 and 443 554 653—39.

GOLF MATCH POSTPONED

Due to the current tournament at Plum Hollow the golf match with Mt. Morris which was scheduled for tomorrow has been set up a week and the Mounters report they will send 20 golfers down here for the afternoon of Sept. 14. They will begin teeing off at 1:30 p. m.

COUNTRY CLUB TOURNAMENT

In recent Class B matches of the Dixon Country club tournament Edward Jones defeated Robert Bovey, 5 and 4 and John Torrens eliminated Dale Senneff, 3 and 2.

A MAZE OF POSSIBILITIES

Because Bill Witzleb is leaving for college (Illinois Wesleyan) Sunday, there has been a strange juggling of the Class A matches remaining in the Country club's golf tournament. Originally scheduled for Sunday was the match between Ken Detweiler and Em Rorer with the winner to play Bill Witzleb. But now they are jumping ahead one match in the bracket and here are the possibilities of the Detweiler-Witzleb match: If Witzleb beats Detweiler, he then has to wait for the winner of the match between Ken and Em. If it is Ken, he then automatically goes to the finals. If it is Em, then his (Witzleb) match with Detweiler is cancelled and he has to play Em before reaching the finals. Clear as mud, ain't it?

BATTLEGROUND AT LOWELL PARK

Tomorrow afternoon at 2 o'clock at Lowell park the softball team of Company A, third regiment, Illinois Reserve Militia will meet the Company B team of Sterling in a "last ditch" battle with the captains of each company slated to do the first inning pitching. Everyone is welcome to watch the war games.

But in offsetting the gloom is the list of returning lettermen which is the hub around which Schrader will build his 1941 team. They are: Frank Aufderbeck, tackle, senior, 160 pounds; Wayne Ballard, full back, senior, 170 pounds; Tom Prugh, center, junior, 160 pounds; Warren Shoemaker, halfback, senior, 140 pounds; Darrell Strite, guard, senior, 154 pounds; Donald Wynne, quarterback, senior, 140 pounds.

Other prospects for the team include: Raymond Doyle, end, senior, 110 pounds; J. Q. Davis, full back, senior, 130 pounds; Christie Krug, end, sophomore, 128 pounds; Robert Mann, half back, senior, 136 pounds; Harold Palmer, end, sophomore, 155 pounds; Gene Messer, end, junior, 158 pounds.

those who have graduated included other such lettermen as Troop of the back field and Kepner, Roe, Singleton, Rittmeyer, Anglemier, Dailey, Mofut, Stevenson and Tigan from the line.

Returning lettermen are: Harris, back; Kunde, back; Stauffer, end; Binz, center; Felt, lineman; Davis, lineman; Dailey, lineman; Askyig, lineman.

Moving up from the lightweights to last year are such varsity candidates as: Carr, line; Dugdale, line; Varner, line; Allen, line; Schaller, line; Larson, line; Larson, back; Felt, back; Druker, back; Drain, back; Heron, line; Shook, line; and Pogue, line.

Coach Helms' two-word prediction of the 1941 prospects is "light quad."

work with others you have to expect to compromise. Most people who display temper by actions or violent language are merely trying to show off and should be regarded as silly, undisciplined children not yet ready for competitive and co-operative athletics.

"E. To take responsibility: The athlete who represents our school becomes the guardian of the hopes and ambitions of over 700 students. He becomes, also, the ambassador of the community and his conduct off and on the field creates the reputation of the community in which he lives; therefore, since by accepting a place on a team he accepts these responsibilities, he must expect that both students and townspeople have a right to watch him and demand that up to the highest level of his ability, he shall be a worthy representative.

"Our athletic program is to foster, in boys, through necessary discipline, those traits of loyalty, self-control and co-operation which will be serviceable through life."

fresh-soph team, has transferred to Davenport, Ia.

Bright spot in the Sterling picture is the return of Quarterback Harry Woodyatt who was high scorer of the North Central conference last season with five touchdowns, and five points after for 35 tallies. Nelson, the other co-captain who returns, scored one touchdown for six points. Gone from the Sterling lineup are such scorers as Ridge (24), Hubbard (21), Feiner (12), Griesser (12), Wolf (8), Riser (6), J. Gould (6) and Steadman (1). In five conference games last year the Sterling champions scored 131 points against 31 by their rivals. Sterling will have two non-conference games to start the season. The opener, on Sept. 19, will be Sterling at Rock Falls and the game with Community will follow the next Friday night.

this year under the new setup. He played end on the Bloomington high school team and during his college career at Illinois Wesleyan. For his coaching experience since then he has been at Athens. Belvidere lost several good men through graduation. One of the best fullbacks Belvidere ever had, Bob Funderburg, is gone along with Earl Wright, Bob Lincoln, Miles and Bright.

However, there seems to be a chance there will be a nucleus for a varsity team this year in Capt. Kenneth Lake, Loop, Bevers, Abbott who are all linemen and Lucknow who is a backfield man.

on the next Friday night, Sterling. The report from Rock Falls is that "while power plays proved very successful last year, other tactics will have to be used largely this season. Rock Falls' field has been mowed, and although new dirt was put on last summer, dry weather will prove bad for it with the large amount of practice that is taking place there." Last year the Rockets were undefeated in six conference games to win the championship.

Rubber industries in the U. S. in 1940 consumed 870,000 bales of cotton, about 16 per cent of the total domestic consumption.

HOLDUP NETS \$3,290

Joliet, Ill., Sept. 6—(AP)—Two robbers held up a cafe-tavern owned by Mrs. Minnie Berry and Mrs. Virginia Eaboni last night and fled with \$3,290 in an automobile driven by a confederate. The cafe had been cashing workers' pay checks.

Railroads spent \$825,000,000 for new cars, locomotives and other improvements in the two years ended June 1, 1941.

THESE ARE DOG DAYS IN BASEBALL

By JUDSON BAILEY

Associated Press Sports Writer
One pennant has been won. The other race has narrowed down to two teams. Kids you never heard of are getting their chance in big league lineups. And open dates keep more teams idle than there are playing on any given day.

This is just a temporary let-down, of course—all of the clubs go back into the trenches today—but it has provided a pause for consideration of the three weeks that remain of the season. The rest of the show will be a close-up of the National League stars—the Brooklyn Dodgers and St. Louis Cardinals.

Otherwise, there remain only a few minor conflicts to be straightened out—matters like the tie of the Boston Red Sox and Chicago White Sox for second place in the American League and the struggle between the Cincinnati Reds and Pittsburgh Pirates for third place in the National.

Brooklyn vs. Giants
Giants today in one game and tomorrow in two. The Cards have the Cincinnati Reds on their hands for the same schedule.

Tuesday the last intersectional warfare of the season will get underway, and two days later the Cards and Dodgers will get at each other's throats once more.

The three games these teams will play at St. Louis Thursday, Friday and Saturday might go a long way toward settling things. They're the games everybody is waiting for.

Leo Durocher is grooming his Dodger pitching staff for them. Fred Fitzsimmons, first and 40, is slated to pitch the first game and won't work until then. He beat the Cards with a magnificent relief job July 31 in St. Louis and pitched shutout ball against them for six innings August 26 only to lose because of errors.

Whitlow Wyatt will work the second contest and Curt Davis the third, both getting a grooming in the series this week-end with the Giants.

Billy Southworth will counter with Ernie White and Howard Pollet in the first two engagements and, if these two left-handers get along all right, he may throw another southpaw, Max Lanier, at the Dodgers in the final tilt.

East-West Fracas
After the east-west skirmishing, Brooklyn will have six games with the Phillies and two with the Boston Braves. During the same period the Cards will oppose the Chicago Cubs five times and the Pittsburgh Pirates four.

The Pirates split a doubleheader with Cincinnati yesterday to stay a half game out of third place. In the opener Eddie Joost hit a homer with the bases loaded to climax Cincinnati's eight-run rally in the eighth inning and give Paul Derringer a 10-4 victory. In the nightcap, which rain abbreviated to seven innings, Lloyd Dietz pitched six-hit ball for a 1-0 triumph over Ray Starr, who allowed only five hits in his debut with the Reds. However, they included a single by Alf Anderson and a double by Bob Elliott in the sixth. Elden Auker pitched a five-hitter as the St. Louis Browns beat the White Sox, 7-1, last night to toss Chicago back into a tie with Boston. It was St. Louis' fifth straight victory in the past week over the Sox.

Good Enough to Write Home About—Illinois

To have a farm of one's own and to maintain a bank account lured many immigrants to Illinois and the neighboring states during the middle 1800s. Independence fostered by great expanses of new land overshadowed hazards and difficulties. Remarkably few complaints seem to have been uttered. Records of the time reflect the pride that many had in belonging to a country with vast resources and great distances, says the Illinois Writers' Project W. P. A.

One pioneer wrote to friends abroad to say that Illinois could accommodate the entire population of his native land. He also pointed out that during the winter he was sure more grass was burned in the state than grew in all his homeland.

"The grass," he wrote, "now is just half green, and the fields give an appearance of an ocean with a house here and there separated by great distances."

Problems in Etiquette Found by Immigrants

Some oddities in the social graces and habits of early Illinois settlers are revealed in the writings of an immigrant of 1831 to whom the customs were doubly confusing.

This newcomer was astounded first by the practice of smoking indulged in by feminine neighbors, the Illinois Writers' Project, W. P. A., reports. As if this were not enough, the settler's concepts of etiquette were further upset on learning that "it is not etiquette in Illinois to sit at the table after you have finished your meal implies that you have not had sufficient."

Sports Roundup

By HUGH S. FULLERTON, JR.

(Pinch-hitting for Eddie Brietz)
New York, Sept. 6—(The Special News Service)—Joe McCarthy doesn't intend to bring up any players from the Yankees' farms for fall inspection, even though he could afford to let the kids kick away a few games now. Joe says the Yanks have so many open dates he'll have a hard time giving the regulars enough exercise. And we might ask how long it would take to inspect any replacements that might be needed on a club that won the way the Yanks did. Art Fletcher, who claims this is the greatest Yankee team he ever "managed," still performs his regular task of chasing balls for the pitchers during batting practice while he's handling McCarthy's job, too. Painless golf (for the spectators) gets a trial today at the Tam O'Shanter Open. Reports on the progress of leading players will be broadcast via short wave right to the 19th hole. Joe Louis didn't seem a bit worried about Lou Nova's "bullet punch" when they met to sign the contracts yesterday, but he had an eye on Lou's fancy necktie. Joe reckons he can take care of the situation with his "same old punch."

Y. P. M. C. Meeting
The Y. P. M. C. of the Evangelical church will hold their monthly meeting on Monday evening at 7:45 o'clock in the church parlors. Each member is asked to bring a self-denial offering.

Wagner P. T. A.

The first P. T. A. meeting of the Wagner school, which is taught by Mrs. Orno Kersten, will be held Monday evening, September 8 at the school. The feature of the evening will be the reception in honor of Mrs. Frank Nangle of Paw Paw who will teach music in the school this year. Refreshments will be served at the close of the meeting and those attending are asked to bring their own dishes and table service. All members are urged to attend.

Civic Club Meeting

The Ashton Civic club will meet Monday evening at 8:00 o'clock in the Mills & Petrie Memorial building.

Brethren Church Notes

Boys and girls go back to school vacation time is over. Let us go back to the church. It times like these with unrest and uncertainties. We need the church, we need the Bible and we certainly need God. These are the only certainties in the future life. You will find a Welcome at the Sunday school at 9:30 worship and sermon at 10:30. The subject for the sermon is, "The Eternal God is Thy Refuge". The evening service at 7:30 with a friendly discussion of What your Religion means to You. A short sermon to follow on, "The

Soul of Man". The quarterly business session will be on Saturday evening at 7:30. This is the meeting for the election of officers and we would like to have a good representation of the members.

The District Women's Work Convention for Northern Illinois will be held at the Franklin Grove Brethren church on October 10.

S. L. Cover, pastor

Fall Festival

The Fall Festival was a big success. Three nights of good clean fun. Every one who had concession did a good business. The Merry-go-round and Ferris wheel drew the largest crowd all the time. The first night band concert and several vocal numbers, Tuesday night second night the Amateur night which was a especially good. Wednesday night brought Prof. Quiz The Migican Pierce and Jess Marvin and Jack Kelley with their Hawaiian guitars. Everyone was in a good humor and had a good time. The flower show the 4-H exhibit and the garden exhibits were visited by over 700 people. In the beauty contest Miss Josephine Kelley won first, Miss Evelyn Kuhn second and Miss Maxine Kelley third. These three girls have been selected for the Louella Parsons day beauty contest at Dixon and will be eligible for a thrilling round of activities leading up to a final selection of a beauty queen of Rock River valley at the gala celebration in Dixon Sept. 15. At 6:30 in the evening the movie star guests and the beauty queen contestants will attend a dinner at the Masonic temple, at 9 o'clock the activities will move to the Dixon Armory where a holly grand ball will be held with Art Kassel and his Castles in the Air orchestra furnishing the music. Three girls are being congratulated by many

LYDIA ANNA BREWER
Lydia Anna Brewer, daughter of Jacob and Clarice Woodruff, Gaus was born on a farm near Franklin Grove, Illinois, May 8, 1862. She passed to her rest on September 2, 1941 at the age of 79 years, three months and 21 days, which was just a little over a year after the death of her husband, he having died July 28, 1940.

Mrs. Brewer's early home was in and near Franklin Grove. She was married to Lorenzo H. Brewer on February 22, 1881. To this union was born one son who left his father and mother in infancy. Having no children of their own,

Mrs. Brewer mothered many other children.

Mrs. Brewer moved with her husband to Holcomb, Ill., later to Chicago where aside from four years when they lived in Cheyenne, Wyo., they lived most of their married life. They came to Franklin Grove and purchased the home where they lived when called by death in 1924.

Mrs. Brewer united with the Methodist church, which faith she kept to the last. Though not able to attend services for a number of years, she read her Bible. Her faith seemed to be strong in her Lord.

We weep, though not in bitterness.

Ours are not tears of gloom;

No thought but those of tenderness

Shall glisten round her tomb;

No painful recollections rise;

Her morn—It dawned so blest,

And ere a cloud had dimmed her skies,

Dear Friend! thou art at rest.

Funeral services by the Rev. S. L. Cover of the Brethren church, assisted by the Rev. T. B. Reeves of the Methodist church. Funeral text: Luke 16:10. Mrs. Margaret Knapp sang the funeral hymns. Burial was in the Franklin Grove cemetery. Casket bearers were: Ed Schaffer, Fred Krehl, Ed Hain, Lloyd Group, Earl Fish and Ed Lott.

Fair Fire Fighters

Win Silver Trumpet

In 1877 a "fire department," the personnel of which was composed entirely of women, made news in Illinois. Newspapers of the time, says the Illinois Writers' Project, W. P. A., describing the lady fire-fighters of LaGrange, reported that "for their efficient service" their fellow citizens presented them with a miniature silver trumpet. They succeeded in putting out "what threatened to be a serious fire."

Illinois Thought of Taxing All Bachelors

How old is a bachelor and what makes him a bachelor?

One Illinois legislator had definite views on these questions when he introduced a bill March 22, 1895, imposing a \$25 poll tax on bachelors.

The proposed measure held that "all male persons of the age of 32 years or over...who are single

and never have married" were liable under this law, according to an account noted by the Illinois Writers' Project, W. P. A. Bachelors 60 years or over, those convicted of a felony and the physically unfit, were specifically exempted. The bill provided that a bachelor could escape the tax if he proved he had proposed marriage to a female of marriageable age at least three times upon different occasions and had been refused each time.
